Teak and Mahogany wood effect

STRANSKA GARAŽNA VRATA SIDE-SECTIONAL GARAGE DOOR

Stranska sekcijnska garažna vrata so najnovejši trend med garažnimi vrati, saj imajo zaradi svoje zasnove marsikatero prednost pred klasičnimi stropnimi vrati. Zaradi odpiranja v stran so posebej primerna za vse, ki garažna vrata pogostokrat uporabljate za osebni prehod brez avtomobila – za družine ali če garažna vrata uporabljate za vstop v vaš dom. Hitro in tiho obratovanje v kombinaciji s prihrankom toplote vas bo hitro navdušilo...

The side-sectional garage doors are the new and growing trend in the production of garage door. The system offers a lot of advantages compared to traditional garage doors, especially easy to use pedestrian access without fully opening the doors. Fast and silent operations combined with heat savings makes side-sectional doors a perfect fit for families, active people and all using garage doors as primary entry into their home.

Standardne barve/Standard colours:
Bela/White RAL 9002, 9016,
Srebrna/Silver RAL 9006,
Rjava/Brown RAL 8019,
Lesni dekor/Walnut wood effect

INDUSTRIJSKA VRATA INDUSTRIAL DOOR

Karakteristike industrijskih vrat se močno razlikujejo od tistih, vgrajenih v domove. Velikost, hitrost in različne druge funkcionalnosti industrijskih vrat se razlikujejo glede na njihov namen, Tridom pa ima rešitev za vse vaše potrebe. Zunanja ali notranja, stropna lamelna ali PVC hitrotekoča, PVC nihajna ali zavesna, dvoriščna...

V Tridomu najdete pravega partnerja za rešitev vseh vaših vprašanj povezanih z industrijskimi vrati. Vsa vrata so vzdržljiva, robustna in varna. Zagotavljajo najboljši izkoristek prostora, delujejo zanesljivo in v vseh vremenskih pogojih. Tridom industrijska vrata so enostavna za uporabo, z dobro toplotno in zvočno izolacijo pa vam pomagajo bolje nadzirati vaše delovno okolje.

Industry and commercial needs differ greatly from those of a homeowner. The size, speed and functionalities required from industrial doors vary across different industries, but Tridom has all the answers. Exterior or indoor, overhead, roll-up, folding, swing or strip doors, Tridom has the right solutions to meet your needs. All Tridom's industrial grade doors are reliable and untiring, sturdy and safe, ensuring the best use of transit openings. They work with ease in the most diverse conditions, are weather resistant and easy to operate. And, with heat insulation and soundproofing, they provide more environmental control.

VRATA IN OGRAJE GATES AND FENCES

V Tridomu imamo že dolgo tradicijo izdelave lepih in kakovostnih dvoriščnih vrat in ograj. Izdelujemo drsna samonosilna dvoriščna vrata, vrata na šino in teleskopska vrata. Tako za vrata kot za ograje uporabljamo kovino, kovano železo, PVC, les oziroma njihovo poljubno kombinacijo.

Tridom is also well known for its experience and tradition in manufacturing gates and fences from various materials, including wrought iron, steel, PVC, wood or any combination among them.

POGONI IN DODATKI AUTOMATION AND ACCESSORIES

Vaše Tridom izdelke lahko še dodatno prilagodite vašim željam in potrebam z množico različnih dodatkov.
